

Cap'n Rod's
Lowcountry Tours
History, Mystery and Legends

Cap'n Rod's LowCountry Tours and The Belle W. Baruch Foundation are proud to announce a revised Plantation Tour.

The three hour cruise includes views of Winyah Bay plantations and a guided tour of the interior of the Hobcaw House, owned by Wall Street financier Bernard Baruch. Arrive by boat at the barony's 150ft pier, just as Winston Churchill did and see the rooms where FDR spent a month during WWII.

Enjoy a leisure return cruise through Historic Georgetown Harbor and hear Folklore, History, Mystery, and Legends spun by Cap'n Rod himself.

Come and join us for a "one of a kind tour"!!
